

LIFE EDUCATION VAN VISITS CAMPBELL

Some Year Four students from L.A. 21 seen after having enjoyed the hands on learning activities provided by the Life Education team. All year 2, 3, and 4 classes at Campbell Primary visited The Life Ed Van during week 7 and took part in a range of learning experiences that focussed on a range of health related topics. These activities are designed to improve student's skills, knowledge and understandings about many health related issues. Students gained many useful strategies that they can employ to keep their bodies healthy and make healthy decisions in about their own personal health.
